Vishakhapatnam, Andhra Pradesh, India

## SUMMARY

Product-focused generalist operating at the intersection of product thinking, business development, and user psychology. Experienced in working with early-stage teams to identify gaps, validate assumptions, and translate ambiguous ideas into clear product directions. Skilled in structuring fast-moving workflows, aligning stakeholders, and driving decisions through practical data and user insights. Thrives in environments where ownership, speed, and experimentation shape outcomes.

## EDUCATION

2024 - present **BCA - Computer Science & Applications** at **GITAM Deemed University** Vishakhapatnam, IN  
Focus on computing fundamentals, software basics, and early-stage product understanding.

## WORK EXPERIENCE
